About the Foundation

The Cass Health Foundation was originally established in 1968, and its primary purpose is to support the hospital in its mission to provide a superior experience for patients, families, and communities.

Today, the Cass Health Foundation helps fund hospital services, programs, and equipment. Proceeds from this golf benefit go directly to our 2021 Campaign for a new Central Monitor System for our Obstetrics Unit. Last year's funds were used to purchase a new C-Arm. Gifts to the non-profit organization are tax deductible.

Our 2021 Campaign

Our foundation relies on donations from helpful caring, and hardworking people just like you. Your gift this year will go towards the purchase of a Central Monitoring System for our Obstetrics Department.
